# EARTHMAX SR 47 - Specifiche tecniche

## Description

EARTHMAX SR 47 (E-4) è uno pneumatico radiale All Steel particolarmente progettato per dumper rigidi che operano in condizioni nelle quali è richiesta la massima resistenza contro tagli e perforazioni in ambienti rocciosi. Il disegno unico del battistrada con profondità E-4 riduce l'usura assicurando una vita più lunga allo pneumatico anche sui percorsi lunghi. Ciò si traduce in tempi di fermo macchina ridotti, incrementando la produttività. Disponibile con mescola standard o resistente ai tagli.
