EARTHMAX SR 331 - Data Sheet

Description

EARTHMAX SR 331 is the BKT new multi-block tread pattern tire specially engineered and designed for multi-purpose trucks and Emergency Response vehicles. The unique tread pattern is essential to maximize ground contact and therefore guarantees excellent handling and comfort in all conditions. This non-directional tire has extraordinary self-cleaning properties. EARTHMAX SR 331 has been designed by BKT to excel in flotation and traction, essential requirements to operate effectively on soft, sandy and muddy soils. Extended durability is ensured by its All Steel strong casing and belt package, which also provide outstanding resistance to snags and punctures.
