

EARTHMAX SR 425 - Data Sheet

Description

EARTHMAX SR 425 is an All Steel radial tire designed for transport applications, both on and off the road, as well as mining operations. It features enhanced durability and mileage along with high load capacity thanks to the strong steel-belted construction and casing. The block-type tread pattern provides excellent traction. In addition, EARTHMAX SR 425 ensures excellent riding comfort, less driving fatigue and superior handling.
