

AGRI GRIP - Ficha técnica

Description

AGRI GRIP es un neumático que se utiliza en las operaciones de transporte, siendo idóneo para los remolques que transportan la caña de azúcar. AGRI GRIP está equipado con una robusta carcasa que ofrece una elevada capacidad de carga, así como una excelente resistencia a los cortes y los desgarros. Por último, el particular dibujo de la banda de rodadura asegura una prolongada vida de servicio.
