

AW-18 - Ficha técnica

Description

AW-18 se ha diseñado para los remolques y la maquinaria agrícola utilizada para las labores del campo. Su diseño especial, con tacos no direccionales y una zona de hombro redondeado, evita los daños a los cultivos al maniobrar. El dibujo de la banda de rodadura se ha desarrollado específicamente para garantizar las mejores propiedades de autolimpieza. AW-18 destaca asimismo por una gran comodidad de conducción y un consumo de combustible reducido.
