

AW 702 - Especificaciones técnicas

Description

AW 702 ha sido desarrollado para maquinaria agrícola, remolques y empacadoras de heno que se utilizan en los trabajos del campo y en el transporte. Este neumático, utilizado en operaciones pesadas, ha sido proyectado por BKT para ofrecer un nuevo nivel de durabilidad. AW 702 está disponible en varias versiones con el fin de responder a las diferentes exigencias específicas de los usuarios: una versión "aramid belted" con cinturones de aramida, que proporcionan una mayor resistencia a la perforación, una versión "HD" con una mezcla que ofrece mayor resistencia a los cortes y los desgarros, mientras que la versión "special" asegura excelente resistencia a los rastrojos.
