

AW 711 - Especificaciones técnicas

Description

AW 711 es un neumático radial para maquinaria agrícola específicamente diseñado para la agricultura moderna y adecuado para aplicaciones de transporte, de recogida de heno y los trabajos del terreno. Gracias a la mezcla especial de la banda de rodadura, AW 711 asegura un amplio ciclo de vida del producto, tanto cuando se utiliza en superficies blandas como duras. La baja resistencia al rodadura durante el desplazamiento por carretera garantiza ahorros significativos en el consumo de carburante. Gracias a la tecnología VF, AW 711 ofrece una capacidad de carga elevada a bajas presiones.
