

F 240 - Ficha técnica

Description

F 240 es un neumático forestal particularmente desarrollado para la manipulación de troncos. El diseño de la banda de rodadura asegura una excelente tracción y óptimas propiedades de autolimpieza, además de una buena maniobrabilidad. La excelente mezcla de la banda de rodadura garantiza una extraordinaria resistencia a los cortes y al desgaste, obteniendo una vida útil más larga del neumático. F 240 se caracteriza por una ancha área de contacto que se traduce en una mejor estabilidad.
