

LG RIB - Ficha técnica

Description

LG RIB es un neumático para el césped y la jardinería, idóneo para segadoras y minitractores. El específico dibujo de la banda de rodadura hace que este neumático sea delicado en el terreno, previniendo daños al prado facilitando al mismo tiempo la manipulación y las maniobras. LG RIB está disponible en una versión "aramid belted", con cinturones de aramida, para usuarios que requieren una mayor resistencia a la perforación.
