

**TECHNICAL SPECIFICATION**

**Applications**                      Harvester

**Description**                      TR 137 is BKT's most suitable tire for all harvesting operations. It ensures high flotation capability along with low soil compaction and excellent traction in the field. The tire is available in different versions: the "aramid-belted" version provides better puncture resistance and protection against all typical damages of this application; the "HD" version is for high load capacity to improve today's farmers' requirements in terms of productivity.

**Pattern Name**                    **TR 137**

Version                                STANDARD

US Code                              94004331

Type                                    TL

Tire Size                              30.5L - 32

LI/SS                                 158 A8

PR                                      12

**Dimensions (U/M US Standard)**

Section Width (in)                30.3

Overall Diameter (in)            73.4

Static Loaded Radius (in)       32.7

Rolling Circumference (in)      217.3

Rim Rec                                DH 27 B

Rim Alt                                 DW 27 B

**LOAD CAPACITY TABLE (lbs)**

mph / psi	20
25	9350

\* Tolerances: Overall Diameter ± 2% | Section Width ± 2% | Rolling Circumference ± 2.5%
