

**TECHNICAL SPECIFICATION**

Applications                      Log Skidder  
 Description                      FS 216 has a robust log design with optimum angle and wider width to enhance traction performance for loggers and skidders. It provides excellent cut and chip resistance under the most critical operating conditions and ensures maximum protection against possible damages at any time.

**Pattern Name                      FS 216**

Version                              ARAMID BELTED  
 US Code                            94027743  
 Type                                 TT  
 Tire Size                          18.4 - 34  
 PR                                    10

Dimensions (U/M US Standard)  
 Section Width (in)              18.4  
 Overall Diameter (in)          66.1  
 Static Loaded Radius (in)      30.2  
 Rolling Circumference (in)    198.5  
 Rim Rec                            DW 16 A

**LOAD CAPACITY TABLE (lbs)**

mph / psi	30	25
5	8950	-
20	-	6400

\* Tolerances: Overall Diameter ± 2% | Section Width ± 2% | Rolling Circumference ± 2.5%
