

**TECHNICAL SPECIFICATION**

**Applications**                      Underground Mining Vehicle / Loader

**Description**                      EARTHMAX SR 55 (L-5S) is an All Steel radial tire specially designed for loaders operating in the most severe quarry and mining operations. Thanks to excellent cut protection resulting from the extra-deep and smooth tread design, EARTHMAX SR 55 is able to achieve peak productivity with reduced downtime. Equipment operators will also appreciate its extraordinary stability.

**Pattern Name**                    **EARTHMAX SR 55**

Version                              CUT RESISTANT COMPOUND

US Code                             94040193

Type                                 TL

Tire Size                            29.5 R 29

LI/SS                                218 A2

**Dimensions (U/M US Standard)**

Overall Diameter (in)        79.1

Static Loaded Radius (in)    35.9

Rolling Circumference (in)   238.1

Rim Rec                          25.00/3.5

Rim Alt                            24.00/3.5, 26.00/3.5

Star Rating                      \*\*
