

**TECHNICAL SPECIFICATION**

Applications                      Log Skidder  
 Description                      FS 216 has a robust log design with optimum angle and wider width to enhance traction performance for loggers and skidders. It provides excellent cut and chip resistance under the most critical operating conditions and ensures maximum protection against possible damages at any time.

**Pattern Name                      FS 216**  
 Version                              STANDARD  
 US Code                             94043729  
 Type                                 TL  
 Tire Size                          DH 35.5L - 32  
 PR                                    20

Dimensions (U/M US Standard)  
 Section Width (in)                35.7  
 Overall Diameter (in)            79.2  
 Static Loaded Radius (in)        35.9  
 Rolling Circumference (in)      235.9  
 Rim Rec                             DH 31  
 Rim Alt                              DH 31 H

**LOAD CAPACITY TABLE (lbs)**

mph / psi	25	30
5	-	22500
20	16100	-

\* Tolerances: Overall Diameter ± 2% | Section Width ± 2% | Rolling Circumference ± 2.5%
