

POWER TRAX - Fiche de données

Description

Le POWER TRAX est un pneu haut de gamme spécialement conçu pour le service à usage intensif sur remorque portuaire, chariot de conteneurs vides ou machines d'extraction minière ECH et souterraine. Sa bande de roulement profonde et sa carcasse robuste offrent une durabilité exceptionnelle, réduisant au minimum le risque de crevaison et de dommage accidentel. Le POWER TRAX est le pneu idéal pour les opérations lourdes et difficiles, grâce au composé de sa bande de roulement unique qui offre une excellente résistance aux coupures et aux déchirures.
