

## AW 729 - Scheda tecnica

### Description

AW 729 è uno pneumatico agricolo specificatamente progettato per applicazioni di trasporto, lavorazione del terreno e raccolta e pressatura del fieno. La spalla arrotondata e il design del battistrada a tre scanalature centrali garantiscono una ridotta compattazione del suolo ed evitano danni al terreno.

AW 729 è lo pneumatico ideale per le esigenze dell'agricoltura moderna ed è adatto all'utilizzo sia su strada che fuori strada.
