

POWER TRAX HD (FL) - Specifiche tecniche

Description

POWER TRAX HD è uno pneumatico a tele diagonali di alta qualità, appositamente progettato per carrelli elevatori in applicazioni industriali. Il battistrada profondo, la parete laterale extra spessa e il rivestimento resistente offrono una durata eccezionale riducendo al minimo il rischio di forature e danni accidentali. Lo pneumatico presenta un'eccellente resistenza al taglio, al truciolo e allo strappo per superfici in cemento ruvide e dure. La protezione dei cerchioni, appositamente progettata, previene danni alla piana e alle ruote nell'area della flangia del cerchione.
