

POWER TRAX HD SMOOTH - Scheda tecnica

Description

POWER TRAX HD SMOOTH è uno pneumatico a tele incrociate specificamente sviluppato per operazioni portuali e nelle miniere sotterranee. La particolare protezione del fianco, insieme al battistrada solido, evita danni da tagli e perforazioni, piuttosto comuni in questi ambienti esigenti. Se dovete spostare carichi pesanti in condizioni dure, POWER TRAX HD SMOOTH è lo pneumatico ideale per le vostre esigenze.
