

TR 393 (B) - Scheda tecnica

Description

TR 393 (B) è stato appositamente progettato per seminatrici, spargitori e macchine agricole su strada e fuori strada. Il design speciale del battistrada garantisce le migliori proprietà di galleggiamento e autopulitura, oltre a una lunga durata. Grazie all'ampia superficie di contatto, il TR 393 (B) assicura un'eccellente trazione e riduce al minimo il compattamento del terreno.
