

## AGRIMAX ELOS - Dados técnicos

### Description

AGRIMAX ELOS foi projetado para exprimir a máxima tração, mesmo em condições de utilização especialmente problemáticas em terrenos molhados - por exemplo arrozais - e pantanosos. O desenho do piso do pneu foi estudado especificadamente para garantir ótimas qualidades de auto limpeza, essencial nos trabalhos em campos lamacentos e durante as deslocações. Para otimizar a produtividade da empresa agrícola, no **design** do pneu Agrimax Elos foram integrados cordões de proteção nos flancos para assegurar em qualquer momento a máxima proteção de possíveis prejuízos.
