

AGRIMAX TURF RT 333 - Dados técnicos

Description

O AGRIMAX TURF RT 333 (R-3+) é um pneu radial concebido para pequenos tratores em aplicações de jardinagem, vinhas e pomares. O design curvo do ombro proporciona uma baixa compactação do solo e torna o pneu extremamente delicado no chão. As suas estrias únicas e extra profundas (R-3+) e o design especial com blocos direcionais representam uma excelente tração tanto no campo como na estrada e um maior ciclo de vida do pneu. O AGRIMAX TURF RT 333 (R-3+) garante ótimas propriedades de autolimpeza e, graças à baixa resistência ao rolamento, permite uma poupança significativa de combustível.
