

## LG RIB - Dados técnicos

### Description

LG RIB é um pneu para prados e jardinagem, apropriado para máquinas de cortar relva e tratores pequenos. O desenho específico do piso do pneu torna o pneu delicado no terreno, prevenindo danos ao relvado e facilitando, ao mesmo tempo, o manuseamento e as manobras. LG RIB está disponível numa versão "aramid belted", com cintos em aramida, para utilizadores que exigem uma maior resistência à perfuração.
