

FORESTECH - Tekniska specifikationer

Description

FORESTECH är ett stålbältrad däck från BKT. Det passar bra för skogsavverkning med skotare. Det har utmärkt dragkraft även vid tung användning. Den kraftiga däckfoten och skulderområdet ger ett gott skydd mot punktering samt en längre livscykel. Du kan därför ta dig an de mest svåra driftförhållanden i skogen utan att behöva oroa dig.
