

LIFT STAR PLUS - Ladda ned faktablad

Description

LIFT STAR PLUS är ett diagonaldäck för teleskoplastare som används vid krävande bygg- och anläggningsarbeten samt andra tuffa arbeten. Sidoväggens låga profil ger utmärkt stabilitet vid höga lyft och det symmetriska slitbanemönstret ger högre flexibilitet vid monteringen. Den specialdesignade sidoväggen ger dessutom extra skydd mot skärskador och punkteringar.
