

# MAGLIFT GROSS - Ladda ned faktablad

## Description

Det nya MAGLIFT GROSS-däcket har konstruerats speciellt för traktorer och påhängsvagnar i industriella tillämpningar, framför allt distributionscenter, logistiknav och containerdepåer. Det breda mönstret ger en grym sidostabilitet och högre säkerhet vid lyft och kurvtagning även med tunga laster. MAGLIFT GROSS har utvecklats med en förstärkt struktur som motverkar glidrisk samtidigt som vulststrukturen underlättar monteringen påfälgen.
