

ROCK GRIP L4 - Tekniska specifikationer

Description

ROCK GRIP (L-4) är ett diagonaldäck för hjullastare som används i tunga lastningsmiljöer och på tuffa underlag. Den specialdesignade skär- och riviåliga gummiblandningen i slitbanan minimerar antalet punkteringar och efterföljande stilleståndstid. Det djupa mönstret (L-4) ger däcket längre livslängd.
