

EARTHMAX SR 423 - Technical Specifications

Description

EARTHMAX SR 423 is an All Steel radial tire suitable for a variety of applications including quarry, haulage and logging operations. The non-directional tread pattern provides excellent traction and stability on any type of terrain. The tire is ideal for handling heavy loads. The strong *All Steel* casing features excellent wear and resistance to snag and punctures. Its reinforced bead and the shoulder design contribute to an extended tire life-cycle even under heavy-duty service conditions.
